THE WORLD-WIDE CONFLICT-THE

CHURCH AND THE STATE. morning, significant of the purpose of ferocity will compel self-accusation. the king of Italy to adhere to Germany in opposition to France, if the latter government sought to interpose in behalf of the decrees of the pope subordiis a phase of the world-wide contest counties oppose the scheme. In fact, it now prosecuted everywhere in Europe, would result in the conversion of these and assuming shape in this country in juto another irremediable African the conflict among the churches, and in Soudan or Nigritia, like South Carolina. cities involving the exclusion of the bible from public schools. In fact there natural laws, the State's boundaries unis a religious war waged at this hour in all civilized countries. It originates in that antagonism which has always existed between the principle of "faith" and that of negation. These general be no difficulty, if the whites be wise, in terms define the basis of the contest, and account for that extraordinary alliance proposed between the Protestants of white people of the State should direct North Germany and the radicals of their energies. They cannot elect, as France. Liberalism in Prussia is de- we are told, a governor. In fact, they ploring the downfall of Thiers and up-should trade in all directions, if need be, heaval of McMahon, because the one is to make sure of the legislature. It is to Protestant or free-thinker, the other these practical results that the people of Romanist; and marvelous beyond measure is the spectacle of Italy receding address themselves. Even if the creafrom France, its natural ally, and Victor tion of a new State were possible, it can-Emanuel threatening a compact with not be effected for years; certainly not Prussia. The bishop of Cologne is pros- until the granges have accomplished ecuted, and proceedings have been instituted, as announced some days distorted government from the iron ago by telegraph, to compel the submission of the bishops of Posen, Frelda, Ermeland and Paderborn to civil authority. The pope a thoroughly free-trade and conservative of taking a look at the country anyhow, instructs his bishops to preserve their ecclesiastical authority to the extremest point, and the priests make every in many of its aspects, the creation of a cord. effort to excite the enthusiasm of the people in behalf of the pretensions or rights of the church The present policy of Bismarck's government is to avoid tumult and violence, and gradually to substitute for the ultramontes (devout adherents of the pope) a national priesthood, and German writers concur in asserting that the infalliblists will be finally expelled from Germany, and a priesthood substituted, freely subordinating Itself to the State. Bismarck's policy in all this has been gross-

ly misinterpreted in European letters and dispatches which have apwas changed, and the pope became a reactionist, and was pleased to favor Austrian ascendency in Italian politics. When Count Rossi, in 1845, was assassible in the discussion of the war should not be written until men rise up capable of the task and reactionist, and was pleased to favor men rise up capable of the task and reactionist, and was pleased to favor men rise up capable of the task and reactionist, and was pleased to favor men rise up capable of the task and reactionist. We hope to be able to give in order to have the deem Examiner.

L. MEACHAM. ports of the same great battle, the same places will be designated, but in nought else will be designated, but in nought else will there be reasonable and soon after began in Italy the conflict, now almost coextensive with Protestantism and Romanism, between ecclesiastical and cavil authority. The Italian parliament has pronounced finally against the priests by enacting the religious corporations bill annihilating priestly supremacy even in the Roman States. The none abould have led man States. The pope should have led tory of the war between the States. Austria, since Sadowa, has been liberalizing tenets of faith and religious codes and practices, Romanism has been steadily and rapidly gaining strength in England. Representatives of Episcopacy from these States visiting England have returned imbued with many ominous fancies and addicted to ghostly formularies and cervage addicted to ghostly formularies and cervage addicted to ghostly formularies and cervage and the Union.

The Virginia chapters are urgently invited to attend. The Virginia chapters are determined that the ball and support shall surpass those of any previous convention. For orator and poet they have two of the most distinguished men in the Union.

The General Micror.

Messrs. W. M. Francis & Co., of Metomo City, Courier.

Those of our citizens who are absent on account of the prevalence of choleral transportation of the prevalence of choleral trans the revival of the confessional, and Hill, eighteen miles southeast of Memdiscussed in the house of lords, the rapid discussed. That Great Britain is anx- and adjacent counties of Mississippi. ious on the subject is shown by a petition signed by sixty thousand Englishmen, asking the lord bishops to test so world-wide, and never were the issues made more sharply defined. Even Switzerland confesses the presence of the contest, and legislates against the alleged assumption of authority by the church, as exercised in Austria, of the

ive everywhere and recognized even in America, remains to be seen. The depth of feeling and extraordinary excitement begotten by the assassination of Mr. Moore Sunday morning was not due to any personal peculiarities or not due to any personal peculiarities or hold that bound him to the public. He was above medicerity in nothing, and his relations to his family had not popuhis relations to his family had not popularized him. It was the cowardly, brutal manner of his assassination which so shocked public sensibilities, and exasperated an outraged populace. Southern people are quick to resem an insult, often implacable, but mainly as addicted to utter forgetfulness of wrong as to its to utter forgetfulness of wrong as to its sudden and violent resentment. There may be something in climatic influences and the occasion were certainly open to criticism by those who hold that street accidents should at least be conducted with some show of decount. It appeared from the evidence that may be something in climatic influences that beget these peculiarities. But to the extent that this phase of southern ments, was told that he had killed the boy, he remarked. "The young devil!"
